

## **UCONN HEALTH CENTER LAYOFFS**

**February 23, 2009**

Today , four members were given layoff notices at the UCONN HEALTH CENTER. These are the only layoff notices for NP-2 that we expect to receive for the short term (at least 2 months). These layoffs are due to the ongoing funding deficiencies at the UConn Health Center. These problems are specific to the Health Center and do not affect the Storrs campus or the other UConn branches.

- At this time there are no additional NP-2 layoffs expected at any other State agencies.
- Members who want to get involved in the campaign to protect our jobs are encouraged to call our Political Director Jim Vigue at 860-343-8736.
